LA BELLE FRANCE

Sends Her Compliments to John Bull
and Says, If It Please Your
Highness,

THE POSSESSION OF FASHODA

Is a Question of Who Got There First;
and As the French Troops Did in
This Case, They Are Going
to Stay There.

Paris, Oct. 24.—The local newspapers today warmly praise the exposition of the French side of the Fashoda question presented by Minister of Foreign Affairs Delcasse in the yellow book on the subject issued yesterday. The general tone of the French press is reflected by the Eclair, which remarks: "An agreement regarding Fashoda can be arrived at provided Great Britain does not persist in asking for the immediate recall of Major Marchand. But as to the outlet on the Nile, we have an absolute right thereto, and will brook no refusal."

According to the yellow book, Delcasse informed the British ambassador to France, Sir Edmund Monson, in explicit language, that unless Great Britain possessed the Sultan's mandate as well as the Khedive's to acquire all former provinces, France considered herself equally entitled with England to the possession of any point occupied by French officers. Delcasse contends that as Marchand reached Fashoda first, England had no right to demand the evacuation of Fashoda prior to negotiations.

Preparing for Emergencies.
London, Oct. 24.—Conservative organs scout the idea of Marquis Salisbury entertaining the surrender of Bahr-El-Ghazal to the French. The liberal and radical papers are not displeased at the prospect of a compromise being arranged. They believe, provided Major Marchand is recalled, that the dispute is susceptible to an arrangement by which France will receive some satisfaction in the Bahr-El-Ghazal district.

English View of It.
Halifax, Oct. 24.—The commanders of all war ships of the British North American squadron have received orders to mobilize at Halifax.

Another Move on the Board.
London, Oct. 24.—The dock yards at Portsmouth, Devonport and Chatham have each received instructions to prepare six 30-knot torpedo boat destroyers for commissioning so that they will be able to put to sea in 24 hours. Over time has begun on the first class cruisers Europa and Andromeda, so as to hurry them for service. The Cunard and White Star lines have received from the admiralty intimation to hold the subsidized steamers ready for turning over to the navy officials.

Paris, Oct. 24.—The Siecle, after urging peace, says: "France would hardly come off better in war with England than did Spain in her war with the United States. France might be better employed in developing her colonies than in going to war with England."

The Autrite declares that France ought never have gone to Fashoda, adding: "It was a stupid mistake, and now England calls on us to get out. Well, it is no use talking, we shall have to get out, otherwise there will be war, which would be madness."

Report Denied.
There is no foundation for the report that the British admiralty has ordered the Cunard and White Star lines to have their subsidized vessels ready to be handed over to the admiralty officials.

A Possible Loophole.
London, Oct. 14.—The French ambassador to Great Britain will arrive here from Paris tonight. There is good authority for the statement that he is bearer of a proposition to Marquis Salisbury which may satisfy both governments.

As Many Lives as a Cat.
Shanghai, Oct. 24.—It is reported among influential men that the Chinese emperor was made away with yesterday.

Will Be an Important Station.
Washington, Oct. 24.—Secretary Long has taken steps to make San Juan de Puerto Rico the first United States naval station in West Indian waters. Congress will be asked to appropriate money enough to make it one of the best equipped naval stations the country has.

Deaths at Manila.
Washington, Oct. 24.—A dispatch received at the War department today from General Otis at Manila, reports the death of 14 soldiers since last report of October 15.

INDICATIONS STILL INDICATE
That France is Preparing to Measure Arms
with England—Suggestive Actions
at Toulon.

Paris, Oct. 24.—The municipal authorities at Toulon have been notified that that place will be the center of important naval and military preparations, and are instructed to arrange for the immediate accommodation of four battalions of infantry and 1,500 marines. The school house will be used for lodging troops and the naval authorities have been ordered to expedite preparations for outfitting the new squadron.

Industrial Committeeman Appointed.
Washington, Oct. 24.—John L. Kennedy, of the District of Columbia, was today appointed member of the industrial committee, vice Sargent resigned.

THE NEVER ENDING CONFLICT.

Fatal Rioting in Mississippi Followed Attempt to Arrest a Negro for Assaulting a White Man.

Forest, Miss., Oct. 24.—An attempt to arrest a negro named Burke for assaulting his employer, Charles Freeman, white, resulting in rioting at Harpersville, when one white deputy was killed and three wounded and 10 negroes killed. Five negroes concerned were brought here today and placed in jail. Sheriff Stevenson and posse had to fight with mobs of whites, who made a desperate attempt to lynch the negro prisoners soon after the party left Harpersville. The sheriff and aides formed a circle about the negroes, and with drawn revolvers forced their way through the mob. The negroes who escaped into the swamps are being hotly pursued by a large crowd of whites. The telephone line has been cut.

Governor McLaurin returned to Brandon at noon after making a speech to the whites here, urging them not to molest the negroes now in jail.

DAYS OF GRACE EXTENDED.

Dons Will Be Given Until January to Vacate Cuba—Will Not Be Allowed to Carry Off Ordnance.

Washington, Oct. 24.—The president has received a telegram from General Wade at Havana recommending that the limit allowed the Spaniards to evacuate Cuba be extended from December 1 to January 1. He said it is practically impossible for the 124,000 Spanish troops now on the island to leave before the first of the year. General Wade's recommendation was approved. In the mean time, however, the United States troops will take possession of the territory as fast as the Spaniards vacate it, probably leaving Havana to the last. In regard to the reported purpose of the Spaniards to remove to Spain the heavy ordnance of the forts and arsenals about Havana it was stated positively that this will not be permitted.

Coming at Last.
London, Oct. 24.—A dispatch to the Exchange Telegraph Company from Paris says that the American peace commissioners at Friday's joint meeting will definitely insist upon annexation of the Philippine Islands to the United States.

Loucks, William York, Fred Lukens and other officials of the Chicago-Virden Coal company, was sworn out charging the officials of the mine with conspiracy and murder, arrived today, at the request of the coal company, to give the accused a preliminary hearing. They feared their lives were not safe at Virden. Bonds were given individually by the coal company's officials in the sum of \$5,000.

U. S. SUPREME COURT

October Term Opened Today with a Waterloo for Joint Traffic Association.

IN FAVOR OF UNITED STATES

An Exceptionally Brilliant Array of Legal Talent Appeared for the Railroads—Court Six to Three Against Them.

Washington, Oct. 24.—The United States supreme court today decided the joint traffic association railroad case, in favor of the United States and against the railroads. The case was considered one of the most important that ever came before the supreme court, not only to the railroads, but to the general public. The association is composed of 31 railroads and the purpose of the association, as stated in articles of agreement, was "to establish and maintain reasonably just rates, as far as the regulations on state and international traffic." A similar association on a smaller scale was formed among the southwestern roads known as the Transmissouri Association. These associations were attacked in the courts on the ground that they were in violation of the Sherman anti-trust law. The Transmissouri first reached the United States supreme court, which held the association illegal, being in effect a combination in restraint of trade and commerce, and therefore violative of the anti-trust law. The joint traffic association prepared to make a stubborn contest in support of its existence. The case went against the government in the lower courts, and the government appealed to the supreme court. An exceptionally brilliant array of counsel appeared for the association.

Justice Peckham announced the decision. He said the court could distinguish no difference between this and the Transmissouri case decided a year ago. He said the only new point involved was as to constitutionality and the trust act. The court reached the conclusion that the railroad corporations performed duties of a semi-public character it was within the constitutional power of congress to regulate them as provided by the anti-trust act. The only question was as to the policy of congress adopting such a measure, and with no question of policy the court had nothing to do. The opinion was concurred in by Chief Justice Fuller, Justices Harlan, Brewer, Brown and Peckham. Justices Gray, Shiras, White, dissented, and McKenna took no part in the case, as the prosecution of the joint traffic association was begun while he was attorney general.

Another Case Decided.

Justice Peckham announced an opinion in the cases against the Kansas City Live Stock Exchange, operating at Kansas City, which the government prosecuted under the anti-trust law. The supreme court held that the association does not come under the anti-trust law. Justice Harlan, in dissenting from the opinion, declared that such combinations were rings or syndicates which, if extended to oil, sugar, salt, lumber and other staples, would place the commerce of the country in the control of a few rings.

The Last Run of Shad.

Washington, Oct. 24.—The Navy department today received the following: "San Juan, October 23.—The evacuation of Puerto Rico is completed by the sailing of the last detachment of Spanish troops today. (Signed) SCHLEY."

Miners Lose The Day.

Pomeroy, Ohio, Oct. 24.—The miners' strike which has existed here since March, is broken, and the miners' organization is disrupted. The Pacific mine started up today, and men are scrambling to get in at reduced wages.

REGAINED HEALTH.

Gratifying Letters to Mrs. Pinkham From Happy Women.

"I Owe You My Life."

Mrs. E. WOOLHISSE.

Mills, Neb., writes:

"DEAR MRS. PINKHAM:—I owe my life to your Vegetable Compound. The doctors said I had consumption and nothing could be done for me. My menstruation had stopped and they said my blood was turning to water. I had several doctors. They all said I could not live. I began the use of Lydia E. Pinkham's Vegetable Compound, and it helped me right away; menses returned and I have gained in weight. I have better health than I have had for years. It is wonderful what your Compound has done for me."

"I Feel Like a New Person."

Mrs. G. O. LEACH.

1609 Belle St., Alton, Ill., writes:

"Before I began to take your Vegetable Compound I was a great sufferer from womb trouble. Menses would appear two and three times in a month, causing me to be so weak I could not stand. I could neither sleep nor eat, and looked so badly my friends hardly knew me."

"I took doctor's medicine but did not derive much benefit from it. My druggist gave me one of your little books, and after reading it I decided to try Lydia E. Pinkham's Vegetable Compound. I feel like a new person. I would not give your Compound for all the doctors' medicine in the world. I can not praise it enough."

THROUGH WASHINGTON SPECTACLES.

McKinley Satisfied the Spaniards at Paris Are Merely Playing for Time, and Will Choke Them Off.

Washington, Oct. 24.—It is expected that at today's meeting of the peace commission at Paris, the American commissioners will deliver to their adversaries something closely approaching an ultimatum. The president is satisfied at last that the Spanish commissioners are purposely delaying negotiations. So the time has now come to cut off false pleas and come directly to the main issue left open by the protocol, namely, the disposition of the Philippines. Probably at today's meeting the American commissioners will find it incumbent upon them to speak plainly as to the determination of the United States government to regard the Cuban debt and Cuban sovereignty as passed over and beyond recall.

Not a Fugitive From Justice.

San Francisco, Oct. 24.—The Superior court of five judges sitting in banc, has decided that Mrs. Botkin accused of the murder of Mrs. John P. Dunning and her sister, Mrs. Joshua Deane Dover Bell, is not a fugitive from justice. The court holds that flight must be actual, not constructive. Mrs. Botkin was remanded to the custody of Chief of Police Lees and the date for trial here will be set later.

General Ortega embarked yesterday on the Spanish steamer Montevideo and was saluted from the shore. He made a speech declaring the island had been surrendered by order from Madrid, adding that he would never have done so without order.
